

## leaving

1

i'm leaving  
gonna live my way of life at last  
absolutely discontinue my past  
i cant believe i'm really leaving home.

2

she's leaving  
she's packed her bags, her room is bare  
she's far too young, too unaware  
to be really leaving home.

1

it seems so immature to put up such resistance  
why dont you let me go, am i yours whole existence

2

i cant bear that look of yours  
its no shame to be a mother  
you too will live your life around something  
am i less, because i lived around another

1

i'm leaving  
dont want no letter  
sayin come back home  
i'm old enough  
to be on my own  
dentsha think i know  
its just i have to go

2

she's leaving  
she doesnt hear  
i hold her dear  
i need to hold her  
just once more  
but i cant, she's goin  
she's really leaving home

2 i want you to go, be happy and free  
thats why i am what i am, a mother

1

i gotta go, i gotta be me  
if i stay here one more year, i'd smother  
will you be okay just give me time, i'll be okay  
i'm goin just please  
dont say

goodbye

just please dont say  
goodbye
